

HELPFUL HINTS AND QUICK TIPS

VOICETHREAD

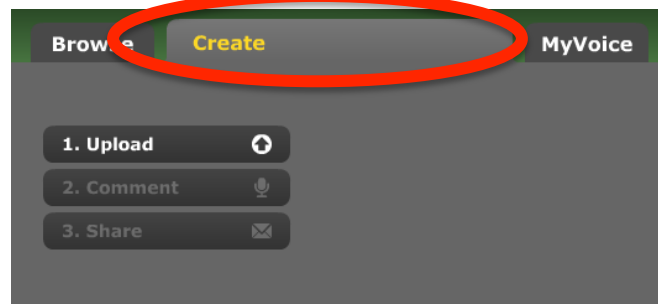

1. Visit <http://ed.voicethread.com> and register for your free educator account

2. Before creating your own, visit the “Browse” tab and see what other users have been creating. (They also have tutorials in there)

a. Try searching by your subject area or topic

3. Create all VoiceThreads using the “Create” tab in your account

4. **UPLOAD** images, docs AND videos by using these buttons

5. After uploading, you are ready to **COMMENT**

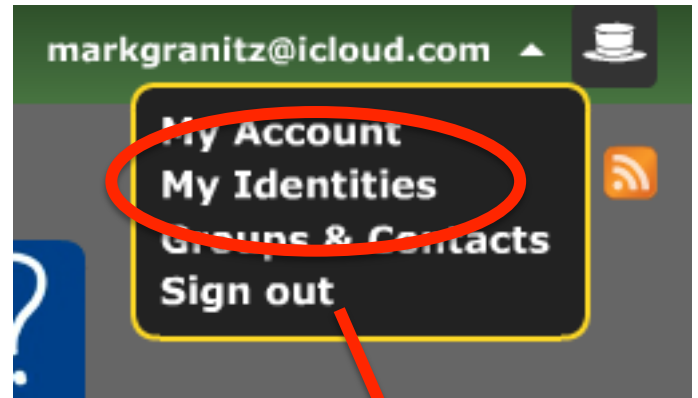

a. You will need a microphone and speakers on your computer (or a microphone headset)

6. **SHARE** your VT with other VoiceThread users when you're finished.

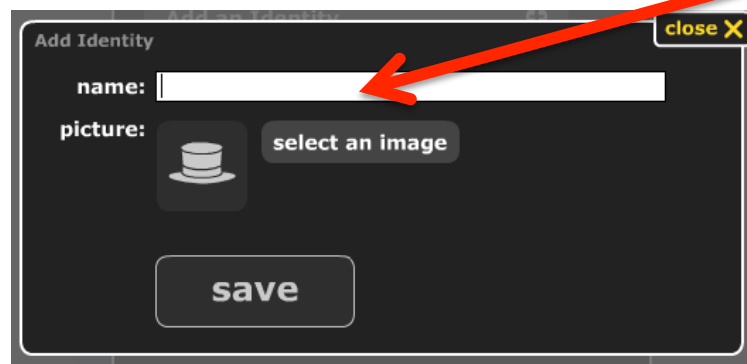

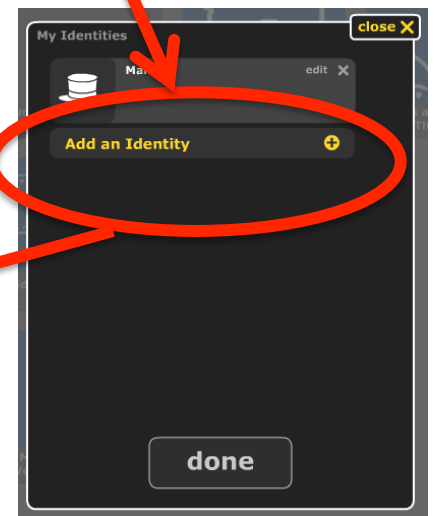

SETTING UP IDENTITIES WITH YOUR CLASS

Setting up identities allows your students their own “voice” within your account. Follow the steps below to set up your identities.

1. Click on your account name at the top right of your screen. THEN click on “My Identities”

2. Click on “Add an Identity” and type the name of the student you are creating a voice for. THAT’S IT!!

3. When students log in, with your email and password, just have them change their identity before commenting on any VoiceThreads
